PROFILE SUMMARY

Frontend developer with over a year of hands-on experience building responsive, user-focused web applications using Next.js, React, and Redux. Comfortable working in collaborative environments and taking on new challenges. I'm interested in exploring ways to optimize development processes and improve application performance through modern technologies. Looking to bring my skills to a team where I can continue to grow and make an impact.

SKILLS

- DevOps: Git/GitHub, Linux, AWS, Docker
- Programming: React JS, TypeScript, Next JS, Redux Tailwind CSS, HTML/CSS, JavaScript

WORK EXPERIENCE

Acehelp Modiba

Frontend Developer

NOV 2024 - MAR 2025

- Collaborated closely with the design team to transform UI/UX designs into fully responsive and functional web pages using modern frontend technologies.
- Integrated backend APIs to ensure seamless data flow and functionality across key user-facing components.
- Developed a dynamic invoice generation system that streamlined payment processes and improved administrative efficiency.
- Implemented a referral reward system that increased user engagement and incentivized platform growth.

KreateSell

Junior Frontend Developer

MAR 2023 - OCT 2023

- Developed responsive web pages using React JS/TS and Tailwind CSS
- Transformed Figma mockups into pixel-perfect, interactive interfaces.
- Integrated APIs seamlessly, managing state and ensuring smooth frontend-backend communication.
- Collaborated with UI/UX designers to optimize performance and accessibility.
- Focused on debugging and cross-browser compatibility to deliver websites optimized for desktops, tablets, and mobile devices.

EDUCATION

Bachelor's of Engineering in Computer Engineering (First Class Honours)

Covenant Univeristy, Ota | Sep 2019 - Aug 2024
